FIBER OPTIC CLEANING SOLUTIONS

One-Click Cleaners

One-Click Cleaners

The One-Click Cleaner is an easy-to-use option for cleaning connectors on jumpers and in adapters. Simply insert the One-Click Cleaner into an adapter and push until an audible “click” is heard. The One-Click Cleaner uses the mechanical push action to advance an optical grade cleaning tape while the cleaning tip is rotated to ensure the fiber end-face is effectively, but gently cleaned.

- Cleans both APC and UPC connectors
- Precise mechanical action delivers consistent cleaning results
- Effective on a variety of contaminants including dust and oils
- Automatic advance ensures each clean is performed with fresh cleaning tape
